## AMS2X01 SUGAR 2X NATURAL FLAVOUR

### PROFILE

Our **Sugar Active Solution** was made to help you to **reduce the total sugar** in your application. It is designed to **modify & enhance the perception of existing sweetness** in your product. It makes everything **taste even better!**

### TEMPORAL DOMINANCE OF SENSATIONS

### HOW DOES IT WORK?

Our internal tastings gave satisfactory results on sugar reduction within 10-20% raw sugar content @ 0.15-0.20% AMS2X01. We also noted that a higher initial sugar level gave better result due to sweetness saturation.
